

BEATLEMANIA AGAIN

REVIEWS AND TESTIMONIALS

"If I closed my eyes, musically, I would not have known the difference between The Beatles and *BEATLEMANIA AGAIN*"

- *Broadway World*

"What a fantastic show! Hundreds of people dancing and singing all night. The atmosphere was electric. It truly was almost three hours of party time. I've had the honor to work with the *Beatlemania* performers for a very long time. From the "Broadway" shows to many others in the top arenas, casinos and theaters in the country, they NEVER let their production go below "top shelf entertainment." And what about all those children at the show who knew all the Beatles songs?! Thank you for making this a very special night!"

"You guys put on an amazing show."

- *Steve Trevelise, radio personality*

"*BEATLEMANIA AGAIN*" was the star of the surprise party! I threw a surprise birthday party for my husband a few weeks ago and hired *Beatlemania Again* to play at the event. It was a huge success! I kept it a surprise so none of the guests knew they were coming. When the band came on stage in their costumes -- looking, acting, and sounding just like The Beatles -- the guests loved it and started dancing! I got so many compliments and some people told me it was the best birthday party they have ever been to. I spoke with Rich, a.k.a Ringo Starr. He was so nice and communicated with me very well. I really couldn't have been happier.

"Amazing! The band was not only great at the music - they dress the part well, entertain everybody and were extremely professional. So good! Highly recommend."
